

VIDEO PENGGUNAAN SCOPUS (DALAM BAHASA INGGRIS): <http://www.elsevier.com/online-tools/scopus/videos>

ALAMAT SCOPUS: <https://www.scopus.com> (Harus melalui IP ITB)

## HALAMAN UTAMA SCOPUS

The screenshot displays the Scopus website homepage. At the top, there is a navigation bar with the Scopus logo and links for Scopus, SciVal, Register, Login, and Help. A banner for Institut Teknologi Bandung (ITB) is visible on the right. Below the navigation bar is a main menu with tabs for Search, Alerts, My list, and My Scopus. The central area features a search interface with a search bar containing the text "Search for... Eg., 'heart attack' AND stress" and a dropdown menu set to "Article Title, Abstract, Keywords". Below the search bar are filters for "Limit to:" including "Date Range (inclusive)" with options for "Published" (All years to Present) and "Added to Scopus in the last" (7 days), and "Document Type" set to "ALL". There are also checkboxes for "Subject Areas": Life Sciences (> 4,300 titles), Health Sciences (> 6,800 titles, 100% Medline coverage), Physical Sciences (> 7,200 titles), and Social Sciences & Humanities (> 5,300 titles). To the right of the search interface are promotional links: "Learn more about how to Improve Scopus", "Stay up-to-date on Scopus. Follow @Scopus on Twitter", "Watch tutorials and learn how to make Scopus work for you", and "Get citation alerts pushed straight to your inbox". The footer contains links for "About Scopus", "Language" (Japanese, Chinese, and Indonesian), "Customer Service", and "About Elsevier". The Elsevier logo is on the right. Copyright information at the bottom states: "Copyright © 2015 Elsevier B.V. All rights reserved. Scopus® is a registered trademark of Elsevier B.V. Cookies are set by this site. To decline them or learn more, visit our Cookies page." The system tray at the bottom right shows the date and time as 10/04/2015, 9:09.

## OPSI Pencarian Menurut Kategori, dalam contoh dipilih ISSN agar lebih akurat

The screenshot shows the Scopus search interface. At the top, there are navigation tabs for Search, Alerts, My list, and My Scopus. The main search area includes a search bar with the text "Search for... Eg., 'heart attack' AND stress", a search button, and a dropdown menu for search fields. The dropdown menu is open, showing various search options such as "All Fields", "Article Title, Abstract, Keywords", "Authors", "First Author", "Source Title", "Article Title", "Abstract", "Keywords", "Affiliation", "Affiliation Name", "Affiliation City", "Affiliation Country", "Language", "ISSN", "CODEN", "DOI", "References", "Conference", "Article Title, Abstract, Keywords, Authors", "Chemical Name", and "CAS Number". The "ISSN" option is highlighted. To the right of the search bar, there are social media links for Twitter and YouTube, and a notification bell icon. At the bottom of the page, there is a footer with links for "About Scopus", "Language" (with options for Japanese, Chinese, and Simplified Chinese), "Customer Service", and "About Elsevier". The Elsevier logo is also present in the footer.

**Journal Metrics**  
 Scopus Journal Metrics offer the value of context with their citation measuring tools. The metrics below allow for direct comparison of journals, independent of their subject classification. To learn more, visit: [www.journalmetrics.com](http://www.journalmetrics.com).

SJR (SCImago Journal Rank) (2013) : 21.323  
 IPP (Impact per Publication) (2013) : 32.997  
 SNIP (Source Normalized Impact per Paper) (2013) : 8.822

Compare with other journals

**Follow this source** | Receive emails when new documents are available in Scopus

**SJR, IPP, and SNIP**  
 SJR = SCImago Journal Rank is weighted by the prestige of a journal. Subject field, quality and reputation of the journal have a direct effect on the value of a citation. SJR also normalizes for differences in citation behavior between subject fields.  
 IPP = Impact per Publication (IPP) measures the ratio of citations per article published in the journal.  
 SNIP = Source Normalized Impact per Paper measures contextual citation impact by weighting citations based on the total number of citations in a subject field.
