

# 10<sup>th</sup> Anniversary International Symposium on Earth Science and Technology 2012

Organized by Cooperative International-Network for Earth Science and Technology

Co-Organized by Global COE Program "Novel Carbon Resource Sciences" Kyushu University

September 18 - 19, 2012 in Institute of Technology Bandung, INDONESIA  
**Call for Papers**

## Message from the Organizing Committee

We are delighted to announce that the International Symposium on Earth Science and Technology 2012 will be held on 18-19 September 2012 in Institute Technology of Bandung (ITB), Indonesia. This year marks the 10th anniversary of this symposium that was first held in 2003 in Fukuoka, Japan. The number of symposium attendees has increased year by year, and more than 200 participants coming from 13 countries attended the last year's symposium. This symposium will be the first one in Indonesia.

The participants coming from around the world are expected to present the most current sciences and technologies, with a special focus on scientific, technical and environmental issues that challenge the earth resources developments. Topics of major interest are listed below.

- 1) Economic Geology & Geological Engineering
- 2) Geophysics & Monitoring System
- 3) Underground Water Resources
- 4) Environmental Geology & Rehabilitation
- 5) Development & Production of Mineral Resources
- 6) Production of Energy Resources
- 7) Numerical Simulation of Resources & Environment
- 8) Mechanized, Automation & Intelligent Mining
- 9) Geomechanics & Rock Mechanics
- 10) Mineral Processing, Waste Management & Recycling
- 11) GIS Applications
- 12) Sustainability of Resources & Environment
- 13) Global Environmental Protection Technology
- 14) International Cooperation in Education & Research
- 15) Gas Combustion

We sincerely invite you and your colleagues to submit paper proposals to be considered for the symposium. Especially young researchers are welcomed, since the best paper/poster awards are established to encourage the young researchers contributing to the area of earth resources and environment.

The deadline for submitting abstracts is **April 27, 2012**. Please submit your paper proposal including a **paper title, authors, an e-mail address of a corresponding author, and an abstract (less than 200 words)** electronically to the E-mail of the symposium secretariat below.

Thank you in advance for your contribution to the success of this symposium. We sincerely look forward to seeing you in Bandung, Indonesia!

- **Deadline for Abstract Submission** : **April 27, 2012**
- **Notification of Acceptance** : **May 11, 2012**
- **Deadline for Full Papers** : **June 29, 2012**
- **Deadline for Extended Abstracts** : **July 27, 2012**

**Admission (in cash): Student – free, Non Student – Rp. 1.000,000,-**

Secretariat of Cooperative International-Network for Earth Science and Technology  
Dr. Nuhindro Priagung Widodo (+62-81324724757) & Dr. Ganda M. Simangunsong (+62-81220214276)

Address: Faculty of Mining & Petroleum Engineering, Institute Technology of Bandung Jl. Ganesha 10, Bandung 40132, INDONESIA  
Telephone: +62-22-2502239

E-mail: [agung@mining.itb.ac.id](mailto:agung@mining.itb.ac.id) or [ganda@mining.itb.ac.id](mailto:ganda@mining.itb.ac.id)

The symposium will be financially supported by the ITP Project, Japan Society for the Promotion of Science (JSPS)
